

## DOOR FINGER GUARD FOR THE HOME

**Our Door Finger Guards for the home will prevent young children from experiencing painful, finger trapping accidents in both the front and the back of doors.**

- Each year 30,000 children trap and seriously injure their fingers in doors both at home and in public places.
- When our door guards are fitted to your doors, you can rest assured both minor and serious trapped finger injuries will be prevented.
- Simple to install in under 5 minutes with no tools required.
- The door guards are fitted using self adhesive tape.
- Each pack contains 1 x front finger guard and 1 x rear finger guard.
